

Dazzle Clients With Decals and Gel Options

Pro Line Decoration Kits and Balance
UV Gel System additions

Make Valentine's Day extra-special for your clients with the new Cina Nail Creations Pro Line Decoration Kits. They will love choosing from the wide variety of hearts, gems and jewels available to jazz up their nails. The Gem Rhinestone Decoration Kit features jewel-tone and iridescent lavender hearts, as well as a wide assortment of other rhinestone shapes. The Pearl Decoration Kit includes a nail art assortment in pearly shades of blue, pale blue, red, pink and yellow. The Dazzle Decoration Kit offers slightly transparent Mylar shapes in red, green, blue, light blue and purple-pink. Made from high-quality materials, the nail art decorations are easy to apply, allowing nail techs to offer upgraded services with a minimal time commitment. **For more information on Cina Nail Creations, circle 200 on the Reader Service Card, call 800/762-6245 or log on to www.cinanailcreations.com.**

NSI introduces three new colors in its Balance UV Gel System: Builder Radiant Pink, Radiant White Sculptor and Brush On French White. Known for its durability, adhesion, flexibility and strength, the Balance system now offers techs more formulations to work with and new color choices for gel clients. Builder Radiant Pink helps create stunning pink and whites while allowing for proper arch placement to promote strength and flexibility. Radiant White Sculptor helps create an extremely white tip on French nails. The thick, nonleveling gel allows techs to sculpt all five nails on each hand before curing. Brush On French White produces a high-gloss permanent French and is as easy to apply as nail polish. **For more information on NSI, circle 201 on the Reader Service Card, call 800/354-6741 or log on to www.nsnails.com.**

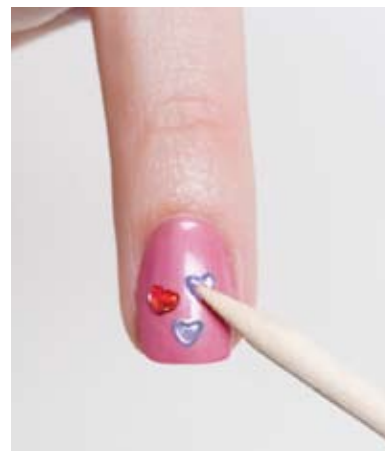

Pro Line Decoration Kits

1 Perform a manicure as usual, then apply Cina top coat and bonder over the polished natural nails or enhancements.

2 Wet the tip of a Cina Pro wood stick with water.

3 Pick up the decals with the wood stick and place them into the still-wet top coat and bonder to create a design of your client's choosing.

4 Apply a final coat of Cina top coat and bonder over the entire nail, encasing the decals to protect them.

5 Your client will love the unique Valentine's Day look you quickly created.

Balance UV Gel System

1 Thoroughly prepare the natural nail by pushing back the eponychium and removing any excess cuticle. Gently remove the shine with a 180-grit (or higher) file.

2 Saturate a nail wipe with Nail Pure Plus and wipe it across the natural nail.

3 Liberally apply Balance Bond primer to the natural nail.

4 Apply one coat of One Step Clear or Blush Gel to the entire nail surface. Cure the nail under a UV lamp for 90 seconds. Remove the tacky layer with a Cleanse-soaked nail wipe.

5 Using the Brush On French White, create the smile line. Remove excess gel from the brush with a clean, dry nail wipe. Brush the smile line for definition. Cure under a lamp for 90 seconds to two minutes.

6 Without removing the tacky layer, apply one coat of Finish Clear to the entire nail surface. Cure for 90 seconds and then remove the tacky layer. Condition the cuticles with Nurture Oil. ▼
