

Give Clients Cozy Feet and Flashy Fingernails

Foot Huggies and Sparkles Starter Kit

Use the products in the Foot Huggies line to enhance your pedicure services and give clients soft and supple feet. The 100-grit Foot Files can be used either wet or dry to smooth rough spots; Whipped Body Creme contains shea butter to moisturize and rejuvenate skin; and Toeless Socks lock in moisture and keep feet cozy after the cream is applied. The files and socks come in a variety of matching colors, and the creams are available in nine pleasing scents, including Orange Creamsicle, Languid Lavender and Banana Cream Pie. The easy-to-use products also make excellent retail items and are available in small and large retail displays. **For more information on Foot Huggies, circle 200 on the Reader Service Card, call 866/461-0006 or log on to www.foothuggies.com.**

Use Sparkles Nail Products to add a little excitement to your nail enhancement services and boost your revenue and creativity. The Sparkles Starter Kit includes an 8-ounce bottle of low-odor Monomer, a 4-ounce jar of finely ground Pink Acrylic Powder, High Gloss Gel Top Coat, a #10 kolinsky sable brush and your choice of four 1-ounce jars of Glitter Acrylic Powders. The glitters are available in a rainbow of colors, such as Lavender Lights, Ruby Red Slippers and Shimmering Silver, and can be combined to create durable enhancements in a variety of exciting looks. **For more information on Sparkles Nail Products, circle 201 on the Reader Service Card, call 877/775-5748 or log on to www.sparklesnailproducts.com.**

Foot Huggies

1 Prepare to perform a pedicure service as usual and remove your client's toenail polish.

2 During the pedicure service, use the Foot File to remove dry skin and smooth calluses.

3 Massage Whipped Body Creme into your client's feet, heels and calves.

4 Slip a pair of Foot Huggies Toeless Socks on your client's feet to keep them warm and help absorb the moisturizing cream.

5 Slip on your client's pedicure sandals. Apply base coat, polish and top coat on her toenails.

6 Encourage your client to use Foot Huggies products at home between her regular pedicure services to maintain soft, supple feet.

Sparkles Starter Kit

1 Prep your client's natural nails and glue on clear tips. Cut and file the tips to the desired length and shape, and apply one coat of primer.

2 Dip the brush into monomer and pick up a small ball of Midnight Oasis Glitter Acrylic Powder. Place the ball on the smile line, then push and pat the product into place, creating the smile line and covering three-fourths of the free edge.

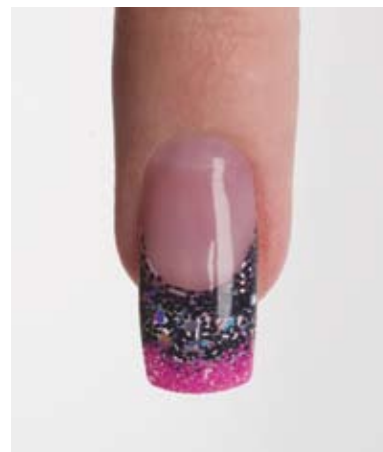

3 Next, dip the brush into monomer and pick up a small ball of Hot To Trot Pink Glitter Acrylic Powder. Use the ball of product to cover the remainder of the free edge, pushing and patting the product into place. Repeat steps 2 and 3 on each nail, and then apply another coat of primer.

4 Dip the brush into monomer and pick up a medium-size ball of Pink Acrylic Powder. Place the product on the nail bed near the smile line, and push and pat the ball until level. Place a smaller ball of pink product near the cuticle and blend it on the nail bed. Repeat on each nail.

5 Using an electric file, lightly file the free edges with a medium-grit sanding band. Shape and finish the nails with a 100/180-grit file. Buff the nails and wipe them clean.

6 Apply a thin coat of High Gloss Gel Top Coat and cure under a UV light for three minutes. ⚡
