Add some flavor to your clients' dull winter routine with the CND Citrus Spa Manicure, and then finish with a precise pedicure using Seki Edge Implements from Jatai International.

Invigorate the senses and relax the mind with the new CND Citrus Spa Manicure. The system includes Citrus Milk Bath to condition skin and nails; Citrus Moisture Scrub to slough away dead skin cells; Citrus Illuminating Masque, which reduces visible signs of aging; and Citrus Hydrating Lotion to replenish skin's natural oil, lock in moisture and protect skin against the damaging effects of the environment. **For more information on CND, call 877.263.6245 or log on to www.cnd.com.**

Experience the world's finest beauty and grooming tools with Seki Edge Implements from Jatai International. The Stainless Steel Toenail Clippers feature a hand finished cutting edge for precise, even trimming, while the Long Toenail File boasts a curved tip and long handle with abrasives on it, which allow you to file both over and under the toenail. Then whip those cuticles into shape with the Cuticle Flat Slant Tip Nipper. The tempered stainless steel and flat cutting surface will give you beautiful results! **For more information on Jatai International, use FreeInfo #200, call 888.965.2824 or log on to www.jatai.net.**

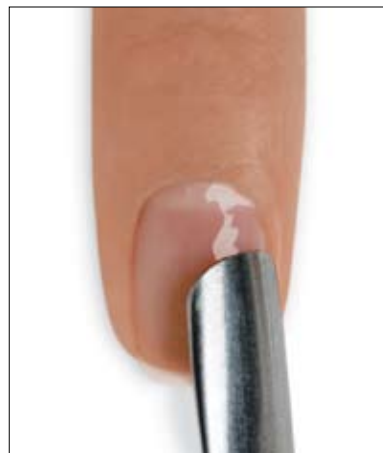

CND Citrus Spa Manicure

1 Wash and prep hands.

2 Soak hands in the Citrus Milk Bath. After a couple of minutes, add warm water to turn the soak into a milky bath and continue soaking for a few minutes.

3 Push back cuticles and trim away any dead tissue.

4 Apply Citrus Moisture Scrub and massage into skin to exfoliate hands. After the massage, rinse hands.

5 Apply Citrus Illuminating Masque and then wrap hands in a warm, damp towel. Allow the Masque to set for 10 minutes.

6 Remove the towel and wipe off any excess product. Massage Citrus Hydrating Lotion into skin and continue with the manicure.
