

VIP Nails

Give your clients—and their nails—the latest in nail technology with Shellac from CND, or a top of the line treatment with the VIP Acrylic System from Odyssey Nail Systems.

Get ready for a revolution in enhancements with new Shellac Hybrid Nail Color from CND. You can say so-long to chips, smudges and dry time, and hello to this hybrid nail color that applies like polish, wears flawlessly for 14 days and removes easily in mere minutes. Shellac comes in 12 exciting shades, from pretty French pink-and-whites to siren red. **For more information on CND, call 877.263.6245 or log on to www.cnd.com.**

Take the complication out of your acrylic services with the VIP Acrylic System from Odyssey Nail Systems. This collection utilizes a polymer that's specially blended to inhibit yellowing and crystallization of the enhancement. Consider it a VIP: Very Important Polymer! The result is superior clarity for long-lasting, beautiful nails. **For more information on Odyssey Nail Systems, use FreeInfo #201, call 877.624.5736 or log on to www.odysseyannail.com.**

CND Shellac

1 To remove the product from your previous Shellac manicure, start by soaking the nails in acetone for about 10 minutes with Shellac Remover Wraps.

2 Take off the Shellac Remover Wraps and use an orangewood stick to gently push the remaining product off of the nails.

3 File the free edges of the nails and push back cuticles. Clean the nail plates. Apply the clear base to the natural nails. Cure for 10 seconds.

4 Apply one coat of color to the nails. Cure for two minutes. Apply a second coat of color to the nails and cure again for two minutes. Apply top coat to the nails and cure for one minute. Remove the tacky layer with alcohol.

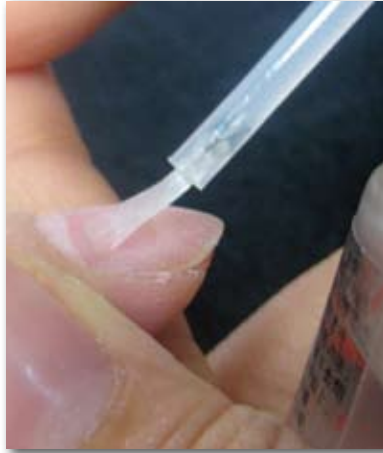

5 Admire your finished work!

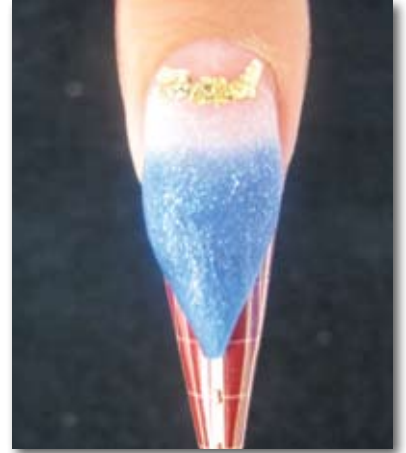

Odyssey Nail Systems VIP Acrylic System

1 Push back cuticles and prepare the nail plate.

2 Apply ONS Pre-Prime to nails and let it dry. Apply ONS Primex Bonder to nails. Place a form under the nail.

3 Extend the free edge with Primary and Juicy Fruit colored powders mixed together. Outline the moon with gold foil.

4 Continue building the free edge by mixing Primary, VIP Brilliance Clear and VIP Touch of Caribbean: Piña Colada colored powders. Using VIP Vibrant White powder, design a flower and leaves. Cover the entire nail with VIP Brilliance Clear & Chic Pink. File and shape the nail using a 180-grit file. Buff the nail with a 240-grit buffer.

5 Apply the UV sealer top coat and cure for two minutes.

6 Experiment with different colored powders for other fun and exciting designs! ↓
