

BRAND NAMES

You know you jotted down the name of a polish color your new client recommended, but where did you put it? **If you need to find a particular item quickly then this section is for you. Just look up the product category in the index below, turn to that page, and skim through the list to find the product name and its manufacturer.** Then turn to the Manufacturers listing on page 36 to find ordering information. **Bolded listings signify companies that have advertisements in this issue.**
